

Hocking Cabin

1,339 ft²

2 Bed

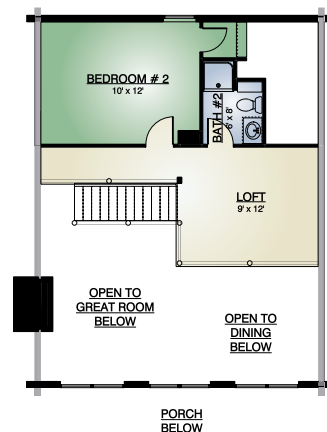

2-½ Bath

Shown with upgrades

Your week has been stressful, you need to find a place to rejuvenate and you know no better place than at your Hocking Cabin. This 1,339 sq. ft. custom log home is designed with all the necessities. Chalet cabins just don't go out of the style! The gable glass wall captures the views and bring the outdoors into your living room. The timbered cathedral ceiling and open layout gives this custom log home a 2,000 sq. ft. feel. Features a master suite on the main floor and additional bedroom, bath and loft upstairs. If outdoors is your cup of tea the large covered porch is the place to begin your day and end it. Let the stress melt away in this beautiful custom log home.

Photo and floor plans may differ from blueprints.
